Love And Ends  
America's perspicacity gap was showing during a Senate hearing recently.

Vermont's Sen. Aiken asked some young protesters who were testifying why they didn't leave the U.S. if they disliked it so much. A young woman answered that they had no intention of leaving the U.S. This was their country and they loved it and were just trying to change it for the better.

This treacherous gap will be closed only when conservatives, and moderates and liberals like Sen. Aiken, understand that criticism often springs from love instead of from hate; and when the young radicals understand that ends don't justify means.—Chattanooga (Tenn.) Times

### Hooked

The first World War made cigarette smoking popular. In the second World War, drinking became widespread. During the present limited engagement in Vietnam, our citizens are learning young to survive by means of light and heavier drugs, while their seniors pop pills at home.

We are now, a half-century after World War I, slowly beginning to get unhooked from cigarettes. Perhaps a half-century from now... It's all rather depressing, isn't it?

### 'Monday' On Tuesday

The Republican National Committee's weekly pamphlet, "Monday," which thumps the drum for the Nixon administration and the GOP, used to arrive in the mail on Monday, which is one reason it is called "Monday." It must be a little embarrassing to the GOP to learn that some subscribers lately have been getting "Monday" on Tuesday.—Charleston (S.C.)

## Hope Youth Going to Space Seminar

Mike Huckabee, son of Mr. and Mrs. Dorsey Huckabee, will be leaving Sunday, June 13, for a Space Seminar conducted by the Hugh O'Brian Youth Foundation and the National Association of Student Councils at the Kennedy Space Center in Florida.

While at Cape Kennedy, Mike will participate in question and answer sessions with congressmen, astronauts, NASA officials, and Hugh O'Brian. Mike's schedule will begin about 6 a.m. each morning and will conclude about midnight each night.

During the week-long seminar, the delegates will be housed at Patrick Air Force base adjacent to Cape Kennedy. All travel arrangements are taken care of by the Hugh O'Brian Youth Foundation. Mike will leave from Little Rock June 13 and return Saturday evening, June 19.

## Sues Officer for \$40,000 in Damages

LITTLE ROCK (AP) — Donald Albright, 31, of Salem asked the state Claims Commission Thursday to award him \$40,000 in damages on charges he was beaten unnecessarily by a State Police officer.

Albright, who is a farmer and justice of the peace, said that State Police Trooper 1. D. Martz beat him "unnecessarily and with excessive force several times."

Albright said the alleged beating occurred after Martz arrested him April 19, 1970, for being drunk on a highway.

After Albright was released from jail, the suit said, a Little Rock physician ordered immediate surgery for a skull fracture and blood clot in Albright's head.

## Trade Ban to China Lifted Some

WASHINGTON (AP) — President Nixon's list of U.S. exports that may be sold inside mainland China contains few surprises, but officials say it will be expanded if Peking becomes more receptive to trade.

"It's a fairly sizable and meaningful list," said one administration official who helped prepare it. "It's a step forward. I expect other items will be added to the list."

With a few differences, the export list Nixon announced Thursday closely parallels the allowable items for trade with the Soviet Union without specific government approval.

In line with his policy of establishing closer ties with Peking, Nixon broke a 21-year ban on trade with mainland China by disclosing a broad range of American-made products that can be shipped to the Communist country.

Included are automobiles, a large number of consumer goods such as stoves and refrigerators, some industrial machinery, and a large number of raw materials, such as textiles and rubber.

## Plan to Cut Off Funds for War Doomed

WASHINGTON (AP) — The Hatfield-McGovern amendment to cut off all funds for U.S. operations in Indochina after Dec. 31 appears doomed although debate on the proposal has barely begun.

An Associated Press Poll today showed 53 senators either firmly opposed or leaning against the amendment, up for a vote next Wednesday. Two of the 11 members officially listed as undecided were said by aides to be against.

The survey came up with 36 senators in favor of the amendment.

The amendment also is due for a House vote next week and supporters concede they are far short of a majority there.

## Former Nevada County Boy Stricken By Kidney Disease

The following appeared in "The Courier News, Blytheville, recently about a former Nevada County (Cal.) boy.

What does a 23 year old young man, living without his kidneys, do while awaiting a kidney transplant that may be years in coming?

If he's like Gary Ridling of Blytheville, he gets by depending on a whole lot of faith, the love of his wife, and the generous support of his family and friends.

Gary, the son of Mr. and Mrs. R. H. Ridling, currently travels to Memphis on Mondays and Thursdays for treatment on a kidney hemodialysis machine at William F. Bowld Hospital.

He estimates that such treatment costs him at least \$50 per week not including travel expense to and from the Bluff City.

In the meantime, his mother and his wife, the former Linda Ledbetter of Steele, have been undergoing training on how to operate the dialysis machine.

Their training will come in handy if Gary's plans materialize as he hopes.

"I now have a credit application in to be able to buy a machine," Gary commented as he and Linda sat in the warm sunshine dancing through the trees adjacent to their home on E. Kentucky.

"I'm hoping for a kidney transplant but it's hard to tell when that might come through. It could be tomorrow or it could be two years or more, there's no way of telling."

"The Bowld Hospital has all the data on me as far as blood type and tissue typing."

"They just keep track of what donors become available and if I

## Rocking Chair Marathon

ALEXANDER CITY, Ala. (AP) — Mrs. Mozelle Wallace, mother of Gov. George C. Wallace, kicked off the Rocking Chair marathon Thursday.

The endurance test, sponsored by local furniture merchants, will see contestants trying to break the record set by Mrs. Linda Collins, who rocked for 103 hours in 1968.

The top rocker will receive \$500 in cash and a \$300 bedroom suite.

## New Wave of Terror in Pakistan

CALCUTTA (AP) — The Pakistani army is inciting neighbor against neighbor in a new wave of terror sweeping East Pakistan, refugees escaping to India report.

Hindus are bearing the brunt of the wide-scale killing, burning and looting, but the troops are encouraging the local populace to do the dirty work for them, the refugees say.

Foreign relief workers who have interviewed hundreds of refugees in border areas are convinced the Pakistani government is determined to make East Pakistan exclusively Moslem.

According to official Indian figures, 5,441,683 refugees have fled from Pakistan since the civil war in March, and they are still coming at the rate of about 100,000 a day. A big new influx is anticipated as the army extends its area of control.

The Rev. John Hastings, a British relief worker who has spent 19 years in Bengal, reports the army's tactics everywhere follow a similar pattern:

As the troops move into an area, the local people are called together and told to declare their loyalty—to President Mohammed Agha Yahya Khan or to Sheikh Mujibur Rahman, jailed leader of the outlawed Awami League.

Although the Awami league got 73 per cent of the vote in East Pakistan in the general election last December, few will risk death by admitting to have supported it.

## IP to Close P.B. Plant, 1,400 Idle

PINE BLUFF, Ark. (AP) — A plant shutdown by International Paper Co. and a layoff by Central-Moloney Transformer plant here will affect more than 1,400 Pine Bluff-area residents.

R. K. Williamson, manager of International's pulp and paper mill, said the mill would shut down for approximately 11 days, beginning June 25, because of a temporary lack of orders.

Williamson said a general slowdown in the nation's economy has resulted in a decrease in the demand for paper.

Officials at Central-Moloney confirmed Thursday reports that some of the company's employees were being laid off, but refused to comment on the number of persons involved or the reasons for the layoff.

According to unconfirmed reports, the layoff involved about 100 production and clerical workers. It reportedly was caused by heavy competition in the transformer manufacturing industry.

A spokesman for International Paper said about 1,400 mill workers would be affected by the layoff at that industry.

## Students Fight Police in Mexico City, Five Killed, 100 Injured

By ELOY O. AGUILAR  
Associated Press Writer

MEXICO CITY (AP) — Police and demonstrating students battled for hours in Mexico City's streets Thursday, and four or five youths were killed. Calm was restored shortly after midnight.

More than 100 persons were wounded, and police said 159 were arrested. The police claimed they were aided by conservative students opposed to the demonstrators.

Student leaders promised to organize a nationwide university strike.

At midnight, students occupying the National Polytechnic Institute left, and police also withdrew from the area, where the trouble began Thursday afternoon.

Because of the student unrest, President Luis Echevarria postponed "for a few days" an official visit scheduled to begin Sunday by Nicaraguan President Anastasio Somoza Jr.

Police headquarters said there were four dead and that some shots were fired from among the demonstrating students.

## PSC Wants to Prevent Arkla Gas Cut Plan; Sees Electric Shortage

LITTLE ROCK (AP) — The state Public Service Commission Thursday asked the Federal Power Commission to suspend a gas curtailment policy submitted by Arkansas Louisiana Gas Co. because it could cause a shortage of electrical power in Arkansas this summer.

The FPC has approved a curtailment policy submitted by Arkla that lists electric distribution companies as among the first industries that might have their gas supply curtailed in an effort to preserve natural gas for the winter months. The curtailment policy is to go into effect Tuesday.

Most of the electric distribution companies in Arkansas rely on gas as a fuel to supply power to generate electricity.

The PSC challenged the authority of the FPC to determine the curtailment policies of gas companies in Arkansas. It also asked the FPC to suspend the policy for 120 days so that the PSC could help power companies adjust to the curtailment policy and also develop a less dangerous policy that could be submitted to the FPC.

The FPC issued an order April 15 requiring all natural gas distribution companies in the nation to propose a policy

## Mills Will Offer Own Sharing Plan

WASHINGTON (AP) — The Washington Post says Rep. Wilbur D. Mills, the House Ways and Means Committee chairman who opposes President Nixon's revenue-sharing plan, is preparing his own \$3.5-billion program of emergency federal aid to cities.

The Arkansas Democrat outlined to Democratic party leaders Wednesday the legislation he hopes to have drafted by July 1, the Post reported in today's editions.

The Mills plan, unlike the President's, would give no direct aid to states and would be only temporary until Congress can work out a long-term approach to meet urban needs, the Post said.

Swimming lessons will begin Monday, June 21 at the Hope Municipal pool. Lessons will be from 8 to 9 and 9 to 10 a.m. Parents may pre-register their children by calling the pool (777-8243) Monday, June 14.

## Bombers in Attacks on Supply Lanes

SAIGON (AP) — U.S. B52 bombers today attacked a new North Vietnamese highway leading from Laos into South Vietnam's northern quarter where Hanoi is reportedly building up its supply depots and forces.

The raids came after a U.S. armored column patrolling the southern edge of the demilitarized zone.

## Subsidy Home Loan Program at Little Rock

WASHINGTON (AP) — The U.S. Civil Rights Commission said Thursday that the "Section 235" interest-subsidy home loan program at Little Rock was perpetuating segregated housing patterns.

The commission said a study found that real estate brokers were showing black families houses only in black on "changing neighborhoods" and that white buyers generally got better houses, mortgage terms and higher subsidies than black buyers.

The commission charged that the Federal Housing Administration had allowed real estate brokers and bankers to take over the operation of the program instead of "using it to broaden the range of housing opportunities" for the poor.

Under the 235 program, families whose incomes are low enough to qualify for subsidies pay a minimum of 1 per cent interest and the FHA pays the difference between that and the regular interest rate.

The commission also was critical of the way the program was being handled in Denver, St. Louis and Philadelphia.

## Derailment Kills 10, 94 Injured

By ROY MALONE  
Associated Press Writer

SALEM, Ill. (AP) — Officials of the Illinois Central Railroad said today that a locked wheel—probably caused by an electrical failure—led to the flaming derailment of the City of New Orleans passenger liner.

Ten persons died in the wreckage and 94 were injured.

The City of New Orleans, with four locomotives and 14 cars, hurtled off the tracks Thursday two miles north of Salem at a speed of 90 miles an hour, officials said.

There were 224 persons, including 18 crewmen, aboard.

Jim Law, superintendent of the railroad's Illinois division, said a rear wheel on the lead engine started sliding 1½ miles north of the accident scene but the train's engineer never knew it.

The derailment occurred, Law said, when the wheels, misshapen by the friction of sliding, struck a crossing mechanism which railroaders call a "frog."

If there hadn't been a crossover there, the defect might have been detected as the train rounded a bend further on," Law said. "We suspect it was an electrical malfunction in the traction works."

The crash was the first major accident under the new national Amtrak system, under which the Illinois Central and other railroads operate passenger trains.

Investigators from the National Rail Safety Board, the National Transportation Safety Board and the Illinois Commerce Commission came to the scene.

Alan S. Boyd, Illinois Central president, toured the wreckage for two hours. He said the crossover switch was not opened and said the track was "in first-class condition."

The train departed Chicago at 8 a.m. and was scheduled to arrive in New Orleans at 1:30 a.m. today. The accident occurred about 12:20 p.m. near Tonti, a whistle-stop 240 miles south of Chicago.

Witnesses said 1,200 feet of track were twisted and hurled by the crash.

"God, it was horrible," one survivor said. "I saw a woman pinned under the rails and she had to be cut free. She later died."

Melvin Maxey, 63, a farmer who lives a mile from the accident scene, said, "People were climbing out of the cars and lying on the rails... everybody was screaming."

## Minor Accident on Elm Street

Local police report a minor accident Thursday at 12:25 p.m. when a car driven by Viola Hogue of Washington was pulling out of a parking place in the 100 block of Elm St. and hit a car driven by Orville Rosenbaum of Hope. Damage was minor and no charges were filed.

## Prince Is 50 Years Old Today

LONDON (AP) — Prince Philip, husband of Queen Elizabeth II, is 50.

More than 300 guests lavishly celebrated his birthday Thursday at a party in Buckingham Palace.

The queen and her tall, athletic consort came to the party after she launched a missile destroyer at Barrow-in-Furness in northeast England. During the launching crowds sang "Happy Birthday, Dar Philip."

## New Backers for Revenue Sharing Plan

WASHINGTON (AP) — Congressional opponents of President Nixon's revenue sharing proposal have found new but unwitting allies among New York City's bridge tenders and sanitation workers.

Strikes by those municipal employees this week tied up Manhattan and provided ammunition for antirevenue-sharing forces who say the federal giveaway would result in more of the same for still other U.S. cities.

The strikes, while the House Ways and Means Committee was conducting hearings, promptly got into the legislative deliberations on the plan to share \$5 billion with states and local governments.

Referring directly to Mayor John V. Lindsay's difficulties, Rep. Martha W. Griffiths, D-Mich., said "if we give them cities the money, how can we keep them from coming back for ever-increasing amounts for their employees?"

The Nixon plan would distribute the funds with no strings attached. But committee members' questions have indicated they want any help to local jurisdictions to concentrate on such things as restoring or preventing cuts in public services rather than increasing employee benefits.

"What we would have," Mrs. Griffiths said of revenue sharing, "is city governments negotiating with their employees, knowing we are paying the bills."

Murray Drabkin, a New York lawyer with experience on congressional staffs, said a major reason for rejecting the Nixon plan is "the demonstrated inability of state and local governments to resist excessive demands."

Employee relations, he said, are now a testing ground for government.

He said "at a time when many government services are perhaps at the worst level in history, I can think of at least one major jurisdiction with a 30 hour summer work week."

"At a time when its resources are strained past the breaking point, at least one major city has agreed to pension plans far beyond anything provided by the federal government or by private industry."

A pension plan approved by New York City but turned down by the state legislature was the main issue in that city's latest labor disputes.

## Lockheed Is Back With Hand Out

WASHINGTON (AP) — Daniel J. Haughton, chairman of the board of Lockheed Aircraft Corp., approached Congress today hat in hand, asking the government to bail his firm out of its severe financial problems.

The 59-year-old ex-accountant who started work in 1939 for the company now claiming to be on the verge of bankruptcy, was scheduled for a full day of grilling by the Senate Banking Committee.

That panel must pass on the Nixon administration's request for a \$250 million loan guarantee to insure production of Lockheed's L-1011 TriStar jumbo jet Airbus.

Haughton has been characterized in Congress as everything from the leader of a "merry band of thieves" to an unfortunate guy who happens to be running the company at the wrong time.

That time involves a falling off of defense contracts and the bankruptcy of Britain's Rolls Royce Ltd., maker of engines for the new plane.

An unexpected element entered the controversy Thursday when reports appeared that a Lockheed competitor—McDonnell-Douglas Corp.—has offered U.S. airlines credit for payments they have already made to Lockheed for the TriStar if they switch their orders to a comparable Douglas plane.

Sen. William Proxmire, D-Wis., a leading opponent of the proposed loan guarantee, said Thursday he had heard indirectly of the reported McDonnell-Douglas proposal.

Proxmire said it is "a sensible, logical business proposition, if it has been made."

McDonnell-Douglas declined to comment on the report.

Civil Aeronautics Board Chairman Secor D. Browne, testifying Thursday, told Proxmire he had heard no such report and "I don't believe it."

Browne and John H. Shaffer, head of the Federal Aviation Administration, said the loan guarantee is "in the national interest."

It would be good, they said, to preserve three major aircraft manufacturers—Lockheed, McDonnell-Douglas, and Boeing—to foster aviation progress through competition that has given American industry 85 per cent of the world's airframe market.

## Summer Has Firm Grip on Arkansas

By THE ASSOCIATED PRESS  
Summer - type weather continued to have a firm grip on the state today. Temperatures across the state Thursday afternoon climbed into the 90s in all areas except the northwest and extreme east central section.

Pine Bluff was the warmest spot in the state with a 93-degree reading, while Harrison reported a relatively mild 86. A 92 reading in Little Rock was the highest recorded there so far this year by two degrees, and more of the same is in prospect for the next two days.

A few widely scattered showers and thundershowers developed over some sections of the state Thursday afternoon but only lasted a few hours with rainfall apparently quite limited.

Little change is forecast through Saturday with warm, humid air continuing over the state through Saturday. A few mainly afternoon and evening thundershowers. The long range outlook indicates the possibility of cooler weather and more shower activity moving into the state by about Sunday or Monday.

Overnight lows across the state include Fayetteville 67, Harrison 68, Jonesboro 70, Pine Bluff 72, Texarkana 75, El Dorado 69, Memphis 71, Little Rock 68, and Fort Smith 71.

## The Final Rehearsals for Wedding

WASHINGTON (AP) — With the bachelor dinner and bridal party out of the way, Tricia Nixon and Ed Cox step through final rehearsals today for their wedding Saturday, hopefully in the White House Rose Garden.

The weather remains a problem. The Weather Bureau called for partly cloudy skies and temperatures in the 80s Saturday with the latest prospect for rain set at 30 per cent.

While the half-century-old Rose Garden was the center of attention today, a rehearsal also was set for inside the mansion, where the ceremony will be if it does rain.

Workmen were putting down a wood platform to be covered by a 90-foot white carpet down the center of the Rose Garden to the altar. The rest of the 390-foot route from the White House Blue Room will be carpeted in green.

The afternoon rehearsal is sandwiched between a luncheon for 100 hosted by Eddie's godfather, Hugh McKean, and the rehearsal dinner tonight for President and Mrs. Nixon, the entire wedding party, friends and relatives.

Eddie's parents, Mr. and Mrs. Howard E. Cox of New York, are hosts for the file of beef dinner at historic Blair House across Pennsylvania Avenue from the White House.

President Nixon got out of the way Thursday night and took a Potomac River dinner cruise with aides when Tricia entertained for her bridesmaids and Eddie attended a bachelor dinner at a private club. But first, they all gathered for a White House tour.

Tricia took the wedding party to the Executive Office Building next door to the White House to show them the wedding gifts on display in the famed Indian Treaty Room.

No one was giving out any information about the gifts, who sent them or what they were. Press Secretary Constance Stuart said it was a private matter.

## WR's Money Used to Halt SPA Gambling

LITTLE ROCK (AP) — The existence of a secret fund to help the State Police wipe out casino gambling in Hot Springs has come to light. The fund was started in 1969 with \$2,000 in personal funds donated by former Gov. Winthrop Rockefeller.

Ralph D. Scott, former State Police director, said he forgot about the fund after the casino operations were closed and that Rockefeller had apparently forgotten about it, too.

Scott said the fund was established in the name of Lt. Col. William C. Miller, assistant director of the State Police, who served as disbursement officer for the agency.

## Former Child Star Married

LONDON (AP) — Hayley Mills, the child star who suddenly grew up, married 57-year-old movie director Roy Boulting in France this week.

"It just seemed to be the right thing to do," Hayley, now 25, told friends Thursday night. The couple, now back in London, said they married at Cap d'Ail in the south of France with two friends present. They said Hayley's parents, actor John Mills and his playwright wife Mary Hayley Bell, could not be present but sent good wishes.

Hayley hit stardom as the simple child heroine of Walt Disney's "Polyanna" and went on to make a string of Disney hits.

The roman with Boulting started in 1966 when he directed her in "The Family Way."

Hayley is Boulting's fourth wife. They announced after his divorce three years ago that they would marry but decided to wait.

## Open Housing Bill Collectors Get Tired of Hearing Those Same Old Remarks

By G.C. THELEN JR.  
Associated Press Writer

WASHINGTON (AP)—President Nixon said today the federal government will encourage but not require the nation's suburban communities to open housing opportunities to the poor of all races.

In a lengthy statement, the chief executive repeatedly emphasized the limitations of federal integration power and offered no new programs to use the leverage of government aid for dramatically opening up suburban communities to minority group members.

"We will encourage communities to discharge their responsibility for helping to provide decent housing opportunities to the Americans of low and moderate income who live or work within their boundaries," Nixon said, in his lengthy open housing statement, one year in preparation.

"We will not seek to impose economic integration upon an existing local jurisdiction," he continued. "At the same time, we will not countenance any use of economic measures as a subterfuge for racial discrimination."

WASHINGTON (AP) — On the eve of a presidential statement expected to rule out federal efforts to open suburban housing to the poor, the Civil Rights Commission accused the government of condoning racial segregation in its major home ownership subsidy program.

Although the government's mortgage aid effort known as the 235 Program should broaden housing opportunities, the commission said, it has instead furthered the traditional pattern of placing blacks in older, inner city houses and whites in new suburban dwellings.

"Federal Housing Administration officials are aware of the segregated housing pattern that has developed under the 235 Program," the independent fact-finding unit said in a 121-page report. "But despite the agency's legal obligation to prevent it, FHA has failed to adopt even minimal steps to fulfill this obligation," the commission said.

In an expected preview of President Nixon's policy announcement today, Housing Secretary George Romney defended housing aid programs that conform or do not attempt to change the racial policies of the private real estate market.

"FHA does not by itself control such things as housing site location, housing consumer preferences, choice of brokers, or the willingness of brokers to deal or not to deal in FHA-insured properties."

## GOP Suit Will Not Speed Apportionment

LITTLE ROCK (AP) — Gov. Dale Bumpers said Thursday that a threatened law suit by the state Republican party would not speed up the work of the state Board of Apportionment.

Charles Bernard of Earle, chairman of the state GOP, said the party was becoming impatient with the "dilly-dallying and procrastination in finalizing" a plan to reapportion the state legislature.

Bernard warned the GOP may file suit "in two weeks or maybe sooner" if the board did not decide on a redistricting plan.

The board is composed of Bumpers, Atty. Gen. Ray H. Thornton Jr. and Secretary of State Kelly Bryant.

Thornton said he was not aware of Bernard's action and Bryant would not comment on the threatened suit.

## Bill Collectors Get Tired of Hearing Those Same Old Remarks

By HAL BOYLE

NEW YORK (AP) — Remarks that a bill collector gets tired of hearing:

"Get your foot out of the door, Harry Leech, or I'll throw a kettle of hot water on you!"

"I'll pay the bill when I'm darned good and ready, and not a day before."

"Don't try to dun me, buddy. I've been dunned by experts."

"No, I don't have any new excuses for not paying up. It is too hot out today to make any new excuses for smart alecks like you."

"So go ahead and sue me. At least it will give your lawyer some practice."

"Look who's here again—Mr. Bad News himself. I guess we'll have to get the lock on the door downstairs changed."

"Get your foot out of the door, Harry Leech, or I'll hit it with a hammer!"

"The last time you came I told you I'd try to pay you the next time you came. Well, that's the way I still feel. The next time you come I'll try to pay you."

"You want to repossess the car? That's okay with me. I lent the car to my brother-in-law who tells me he lost it in a crap game to a guy who moved to Brazil. You know what it costs to go get a car from Brazil?"

"Shylock was satisfied with one pound of flesh. So how many do you want, Mr. Big Shot? Two pounds? Three pounds? Maybe a ton?"

"Bill, it's that bill collector here again—Harry Leech. Shall I pay him \$5 on account? On account of that's all I found left in your pockets last night after you staggered home from that bar."

"As your wife, Harry Leech, I can tell you right now that if I don't get busy collecting more of those bills you are supposed to, there'll be an army of bill collectors pounding on our door and asking us to pay up."

"When you send your mother flowers on Mothers Day, Mr. Leech, how soon after do you show up with the bill?"

"If it's money you want, get a gun and go rob a bank. That's where they keep the stuff."

"So you're still after my husband? Well, look for a frumpy, dumpy middle-aged blonde with mascara leaking all over her face. That's the tramp in the next apartment that he ran off with."

"Before you stick your foot in that door, Harry Leech, get the hole in your shoe fixed—and the one in your head, too!"

## Foreign Aid Ourhaul Is Abandoned

By JIM ADAMS  
Associated Press Writer

WASHINGTON (AP) — President Nixon has abandoned hopes for congressional approval this year of his sweeping overhaul of foreign aid, settling for a one-year extension of the present program.

The President's agreement to the extension—giving Congress more time to deliberate his proposal—was delivered to the Senate Foreign relations Committee Thursday as it began hearings on the aid program.

The President was quoted as saying, however, he still hopes Congress will approve this year coordination of military assistance programs into one package.

Rep. Thomas E. "Doc" Morgan, chairman of the House Foreign Affairs Committee, said the panel will begin detailed work on the bill next Tuesday. Sen. John J. Sparkman, D-Ala., chairman of the Senate Committee said his panel will back the House bill.

## Urges Press to Present United Front

CHICAGO (AP) — The general manager of The Associated Press, Wes Gallagher, called today for "a united front" by all members of the journalism profession in defense of their principles.

"The stakes are far too high for one segment of the press to sit to one side while another segment is under attack on a basic freedom," he said.

In a speech at the opening session of the first annual convention of The Associated Press Broadcasters Association, Gallagher said:

"Journalism is under heavy assault from all quarters and journalists must be prepared to take on all comers."

He said criticism has come from both the political sector of society and the public.

"Government criticism of the press and press attacks on government ineptness are the natural and essential ingredients of a democracy," he said.

"When they stop, then it is time to worry, because we will no longer have a democracy."

"The danger comes when administrations in power seek to curb by any means the free flow of news, either by legislative restriction or bureaucratic action," he said. "There is no such thing as a half-free press."

"Of more concern," Gallagher said, "is criticism from various segments of the public at large." He said the individual, tired of problems and yearning for a simpler time, cannot escape the problems he hears about on radio or sees on television and in newspapers.

"It is little wonder," the AP general manager said, "that in frustration he turns and blames the messenger for the ills of the world."

Gallagher added, "The public also turns on the politician for not fixing what sometimes is not solvable. Thus the press finds itself attacked by the mafia and the police simultaneously; the radical and conservative; the conservationist and the businessman; the dove and the hawk."

He said all demand "one thing—less of the other fellow's view and more of their own."

## BOMBERS IN

(From Page One)

rized zone battled North Vietnamese troops for five hours. The U.S. Command said three North Vietnamese troops were killed in the clash Thursday 1½ miles south of the DMZ. U.S. losses were seven men wounded, one armored vehicle destroyed and two damaged.

Nine B52s dropped nearly 100 tons of explosives on supply routes, depots and bunker complexes in the northern quarter of South Vietnam.

Six of the bombers struck two miles and 17 northwest of Khe Sanh, where the North Vietnamese have built a new highway linking up with an abandoned U.S.-built highway to the east that gives Hanoi a new supply route. Three hit bunker complexes in the A Shau valley, a major North Vietnamese transshipment point south of Khe Sanh.

The clash involving U.S. forces 1½ miles south of the DMZ broke out while troops of the 1st Brigade, 5th Mechanized Infantry Division, were on a security patrol, said Capt. James D'Entremont, a spokesman for the U.S. Command. He said the size of the enemy force was not known. Artillery was called in on the enemy positions.

The command also reported that enemy gunners fired fewer than five rockets into the big Cam Ranh air base, 190 miles northeast of Saigon, and they caused no casualties or damage.

Enemy gunners also fired five mortar rounds into a South Vietnamese district headquarters 24 miles northeast of Saigon. Some South Vietnamese militiamen were wounded, headquarters said.

Elsewhere, the Saigon command reported that 28 North Vietnamese and Viet Cong troops were killed and nine rifles captured in fighting in the U Minh forest deep in the Mekong Delta.

A communique said there were no South Vietnamese casualties. The South Vietnamese infantrymen were supported by helicopter gunships.

## Bond Is Set in Case at Russellville

RUSSELLVILLE, Ark. (AP) — A bond of \$1,000 was set Thursday by Chancery Court Judge Richard Mobley of Russellville for one of 13 persons held here without arraignment on felony charges. The judge, however, denied bond in another case.

Mobley held separate hearings Thursday on petitions filed for writs of habeas corpus for James Southard, who had been in jail since May 26 on a charge of assault with intent to kill, and Clinton Holt, who had been jailed since May 21 on a charge of first-degree rape.

The judge set bond of \$1,000 for Southard, but denied bond for Holt. Mobley said the rape charge against Holt was a capital offense, and, therefore, was not bondable.

The two were among nine persons in jail on felony charges without arraignment when Pros. Atty. Alex G. Streett of Russellville wrote a letter June 1 asking Circuit Court Judge Russell C. Roberts of Conway when he planned for the prisoners to be arraigned.

Roberts has been out of Pope County since prior to the writing of the letter, and, Streett said, the judge has sent no reply to the prosecuting attorney's office.

The number of persons jailed without arraignment increased from nine to 13 between the writing of Streett's letter and the bond hearings Thursday.

### MR. AND MRS. JOE DAVID KEY

The sanctuary of the Garrett Memorial Baptist Church was the scene Friday, June 4, for the wedding of Miss Mary Gwen Allen and Joe David Key. Vows were pledged in a candlelight ceremony at eight o'clock in the evening with the bride's uncle, Eld. Harry Attebery of Warren, performing the impressive double ring service.

Parents of the young couple are Mr. and Mrs. Lyle M. Allen and Mr. and Mrs. Charles Key, Sr.

The altar setting was enhanced with floor baskets of yellow gladioli and Majestic daisies, and in the background seven branched candelabras flanked by paired spiral candelabra, festooned with huckleberry and holding white tapers which were lighted by Dennis Allen, brother of the bride, and Chuck Key, nephew of the groom. The white prie dieu and the memory candle, which was lighted by the bride and groom as they left the altar, completed the setting.

Preceding the service Mrs. Wade Warren, organist, presented a program of nuptial music. She also accompanied Billy Mitchell of Van Buren, who sang "If Ever I Would Leave You", "Whither Thou Goest", and "The Lord's Prayer" as the couple knelt for prayer. The traditional wedding marches were used.

Given in marriage by her father, the brides wedding gown was of Alencon lace over peau de soie, designed with an Empire waist, mandarin collar and full sleeves buttoned at the wrist. The skirt, overlaid with lace, featured scallops down the front and along the hem. Her Chapel-length mantilla, with a shoulder-length tier, was of illusion, bordered with lace and secured by a white velvet bow. She

carried a cascade of white roses, daisies and carnations on her white Bible.

Miss Janie Harrison of Texarkana, was maid of honor and bridesmaids were Miss Nancy Porter and Miss Nellie Churchwell, aunt of the bride. Their floor length gowns of yellow sparkle crepe featured Empire bodices accented with velvet bows and daisies and full sheer sleeves. Daisies and yellow streamers adorned their white lace hats and they carried white baskets of daisies.

Miss Lisa Still, flower girl, wore a gown identical to the attendants, with yellow flowers in her hair and scattered petals from her white basket.

Edward Key served his brother as best man. Groomsmen and ushers were Pete Stafford, Arkadelphia; Robert Hassel, Mt. Pleasant, Texas; Eddie Props, Texarkana; Randy Byers, Hope. Master Ron Browning, Conway, was ring bearer.

Mrs. Allen, mother of the bride, wore a blue silk with matching lace coat and white accessories. Her shoulder corsage was a white cybidium orchid. Mrs. Key, the bridegroom's mother, wore an apricot silk with organza accents and matching accessories. She pinned a green cybidium orchid at her shoulder. Following the ceremony a reception was held in the Fellowship Hall of the Church. For travel the bride chose a yellow crepe dress and pinned a corsage of daisies at her shoulder. After a wedding trip, the couple will be at home at 1009 W. 10th Street, and in September, Conway, where the groom, a Baptist Minister, will resume studies at Central Baptist College.

# TOGETHER IS BETTER

In 1968, First National Bank introduced the first all purpose bank credit card to Hope and Hempstead County ... BankAmericard.

Then the bank credit card situation became confused as other banks begin offering Master Charge. Some businesses honored BankAmericard - others Master Charge.

Now, First National has solved the problem. First National offers both major bank credit cards ... BankAmericard and Master Charge. Together is Better.

# IF YOUR WAY IS DARK

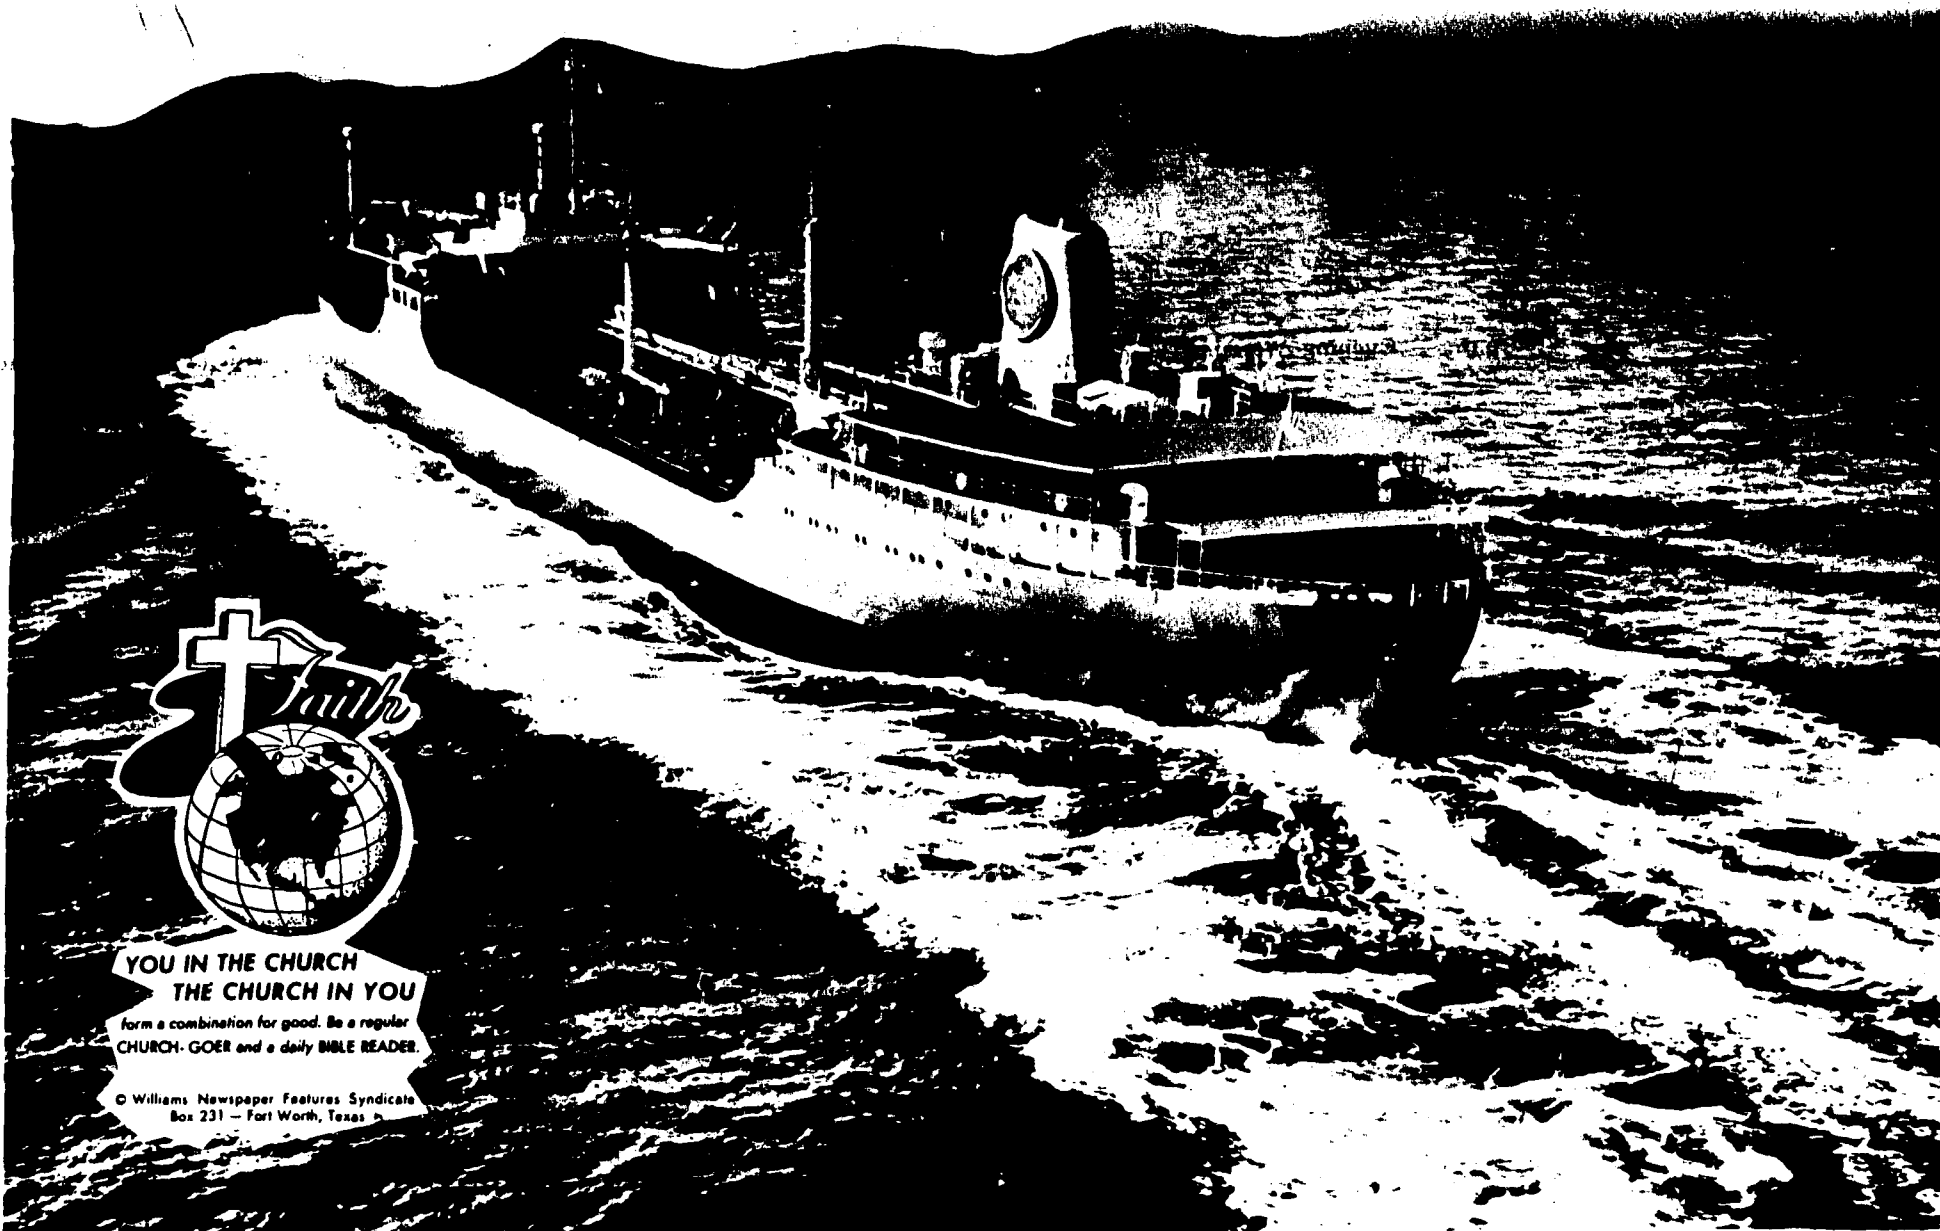

## ASK GOD FOR LIGHT

# SMOOTH SAILING

That is exactly what all of us dream of. But this is God's world and we certainly must learn the laws of the winds of God if our journey is to be smooth. *We must chart our course with caution.*

We must know how to man the sails. We must read carefully the "guide book for mariners," called The Sermon on the Mount. One must know how to tack and, most important of all, ask the "Great Pilot" *what course He recommends.*

Let your church attendance and support record, the contribution you make to the cause of good, and your love for the brethren serve as your compass. The smooth sailing of your ship will be determined by the judgment you use in your preparation. *You can't make it alone, Mister. Better take God with you.*

## HELEN HELP US!

by Helen Bottel

**PORNOGRAPHIC ADVERTISING VIA MAIL HARD TO STOP**

Dear Helen:

My married son has been receiving dirty advertisements through the mails. One bunch I saw promoted the sale of a movie film of various sex acts, and it was more or less advertised as "visual marriage (or whatever) manual." The pictures were explicit and the wording left no room for the imagination.

When I confronted my son, he said he had never asked for this kind of thing, but he can't stop its being sent to him. He seemed to think that, as long as he didn't buy, why should receiving the filth matter? In fact, he was more amused than shocked, and he left it lying around the house for several days, which is how I came across it.

Can't something be done about pornographic mail, and isn't it true that you only receive it if you indicate you want to be on the mailing list?—SHOCKED

Dear Shocked:

Purveyors of such "literature" know exactly how far they can go under the postal laws and they stop a centimeter short of the limit. These advertisements can be returned to the post office, with complaints—or quickly burned.

...But don't blame your son, Shocked! Judging from the types of people who received that "How to" film-promotion sizzler, the seller must have hijacked his mailing list from the nation's leading digest magazine.

So far, complaints about it have come to me from a theological student, a very proper father of six children, several shocked wives and mothers, and an 87-year-old widow!—H.

Dear Helen: I met my husband at 14, we married when I was 18. I'm now 25 and completely miserable. But because he is the only man I have

## Boyer Is Fined for Gambling

NEW YORK (AP) — Clete Boyer, fined \$1,000 for betting on football games, and his stormy departure from the Atlanta Braves still a matter of dispute, is free today to pursue his baseball career.

The veteran third baseman was fined Thursday by baseball Commissioner Bowie Kuhn for betting on college and pro football games in 1968 and 1969.

The action clears the way for Boyer to seek a deal with another club. All negotiations between Boyer and any team were suspended by Kuhn pending his investigation into the gambling issue.

"It is true that a couple of years ago I made a few bets on football games with a man I thought was a friend. I have never bet on baseball and I have never made any kind of a bet with anyone I knew to be a bookmaker," Boyer said in a statement issued by the office of Marvin Miller, executive director of the Players' Association.

However, the 34-year-old infielder later said, I'm innocent, but I don't see any sense fighting it—the commissioner has shown a very understanding attitude."

With Kuhn's investigation and the fine, believed to be the first in which a player has been fined for betting on another sport, Boyer said he would like to play on the West Coast.

It was learned Oakland has contacted Boyer since his departure from Atlanta. Oakland owner Charles O. Finley was not available for comment Thursday but Manager Dick Williams said:

"We've been running hot and cold on Boyer. If we can make something else work, we'll be better off."

Meanwhile, Miller is seeking to get Boyer his severance pay from Atlanta.

Boyer got into trouble with Atlanta when he said, in print, that "there shouldn't be a place for a guy like (General Manager Paul) Richards in baseball, and the manager (Lum Harris) wouldn't be here unless he was one of Paul's pals. Eddie Matthews (Braves coach) should be the manager—that's how much I think of him."

Richards then questioned Boyer's ability and said he could have his release if he waived his severance pay, about \$15,000. Boyer, hitting .245 with six homers and 19 runs batted in in 30 games until he left May 23, agreed to do so and become a free agent May 28.

## Christian Softball Scores

In Thursday night's Christian Athletic Association softball games, First Methodist defeated Calvary Baptist 16-2. Don Johnson and Tommy Overton made home runs for First Methodist. In the second game Hope Church of Christ and Catholic Church tied 7-7 and John Henley homered for the Catholics.

## 1st National 7-3 Over Corn Belt

First National surprised the league-leaving Corn Belt Hatters team 7 to 3 and Anderson-Frazier downed Merchants 11 to 6 in last night's Babe Ruth league play. Playing heads-up baseball, First National jumped off with a five run lead

## Milwaukee Downed 3-2 by Detroit

By KEN RAPPOPORT  
Associated Press Sports Writer  
The Cash register continues to ring for Detroit City while moving toward the top of the all-time Tiger hit parade. That's Norm Cash, spinning sweet music with his swing. Cash clouted another game-winning home run, powering Detroit past Milwaukee 3-2 Thursday night, and pulled into a second-place tie with Hank Greenberg on the team's career list with 310 blasts.

"It's great to tie Greenberg because he was a heck of a ball-player," said Cash, who also delivered a three-run shot in Wednesday night's 3-0 victory over the Brewers.

Based on his hottest start in years, Cash inevitably will soon move into second place all by himself behind teammate Al Kaline, who has 355.

Cash has been carrying the Tigers this season, including a number of game-winning hits in his team-leading 31 runs batted in and 13 homers.

The Cleveland Indians swamped the Chicago White Sox 9-0; the Baltimore Orioles walloped the Minnesota Twins 12-0 and the New York Yankees clipped the California Angels 3-2 in the night's other American League games. Rain washed the contest between Washington and Kansas City.

National League scores: San Diego Padres 4, New York Mets 2; Philadelphia Phillies 4, Los Angeles Dodgers 2; Montreal Expos 3, San Francisco Giants 1; Atlanta Braves 2, Houston Astros 1 and Pittsburgh Pirates 3, St. Louis Cardinals 1.

Just before Cash's two-run shot in the sixth inning that erased a 2-1 Milwaukee lead, Brewer Manager Dave Bristol went out to talk to pitcher Skip Lockwood.

"I told Skip that this might be the ballgame ... I was just trying to settle him down," said Bristol, and it turned out that it was the ballgame after all.

The Tigers had scored their first run in the second inning on a single by Mickey Stanley and triple by Bill Freehan before the Brewers came back to sock winner Joe Coleman with Bill Voss' two-run homer in the fourth.

Ray Fosse's three-run homer and Ted Uhlaender's two-run double backed Ray Lamb's five-hit pitching as Cleveland took Chicago to complete a sweep of their three-game series.

Uhlaender's double capped a three-run first inning for the Indians and Fosse slugged his fourth homer of the season for three more runs in the second.

Lamb pitched out of his only jam in the seventh, when he had men on second and third.

Frank Robinson, saddled with an early-season slump, continued his recent hot streak by driving in five runs on a homer and two singles for Baltimore.

Robinson singled home the first of two Oriole runs in the first inning, swatted a two-run homer to cap a four-run rally in the second and singled home two more tallies in the third.

In the past seven games, Robby has been batting .500 with 14 hits, including four homers and 11 runs batted in. The streak inflated his average to .314.

Bahnsen, who started his winning string with a five-hitter against the Angels on May 29, brought his record to 5-6 with Thursday night's performance.

## Babe Ruth Teams Compete for Trophies

Babe Ruth Baseball teams in the Hope area again will compete for championship trophies to be awarded by Aetna Life & Casualty.

General Agent E.A. Ostedgaard, head of the company's life division at Little Rock, said his office will present trophies to winners of Babe Ruth district play-off in the area as part of a national Aetna-Babe Ruth awards program.

Countrywide, Aetna Life & Casualty will present more than 700 team and individual trophies to district, state and regional champions, and to competitors in the Babe Ruth World Series to be held at Albuquerque, N.M., Aug. 21-28.

## Expos 3-1 Over San Francisco

By DICK COUCH  
Associated Press Sports Writer  
It took a while to charge Montreal's battery, but when Carl Morton and John Bateman got the current flowing the San Francisco Giants were in for another June jolt.

Morton's clutch pitching and a tie-breaking double by catcher Bateman sparked the Expos to a 3-1 victory over San Francisco Thursday night that pinned the National League West Division leaders with their eighth setback in nine games this month.

Montreal fell behind in the first inning the result of a wild pitch by Morton and a wild throw by Bateman—and then clawed back to complete a sweep of the three-game series against the tottering Giants.

Elsewhere in the NL, Pittsburgh downed St. Louis 3-1; San Diego toppled the New York Mets 4-2; Philadelphia tripped Los Angeles 4-2 and Atlanta edged Houston 2-1.

In American League play, Baltimore mangled Minnesota 12-0; Cleveland thumped the Chicago White Sox 9-0; Detroit nipped Milwaukee 3-2 and the New York Yankees shaded California 3-2. Washington and Kansas City were rained out.

The Expos came from behind in the fifth inning on singles by ex-Giant Ron Hunt and Rusty Staub, a sacrifice fly by Bob Bailey and Bateman's run-scoring double.

Morton, who had worked out of a bases-loaded jam in the third, stranded runners on second and third in the eighth and then delivered a Montreal insurance run with a sacrifice fly in the bottom of the inning.

He checked the Giants on seven hits to snap a personal three-game losing string for an over-all pitching mark of 5-8.

Steve Blass scattered seven hits and Bob Robertson crashed his 12th homer of the season as the Pirates spilled the Cards to move within one percentage point of first-place New York in the East Division.

It was the seventh loss in 10 games for St. Louis which

## Weiskopf Leads for First Time

By BOB GREEN  
Associated Press Golf Writer  
CHARLOTTE, N.C. (AP) — Tom Weiskopf borrowed a putter from a friend in Columbus, Ohio a couple of weeks ago—and the man may have a hard time getting it back.

"It would be like stealing Van Gogh's paint brush," Tall Tom said Thursday after he had carved out a six-under-par 66 for a two stroke lead in the \$150,000 Kemper Open Golf Tournament.

It was the first time the 6-foot-3 Weiskopf had led at any stage of any tournament this season.

"I took four months off last year to go hunting," he said. "I didn't play after Labor Day. I think my game suffered from the layoff and I feel I'm just coming back."
